Hi Neal,

On behalf of my supervisor Tuan, I reviewed the case and performed search. The case seems allowable. Please talk with your SPE/primary examiner and add my name in Search Notes if needed.

Best regards,

Subject: 10/799,042 classification assistance

Tuan,

The applicant has amended the claims (attached) to be outside of my class 705/2-3. I believe that it is now 717/106 but I am not sure. Additionally, I am looking for some prior art that may read on this. I believe that he is only claiming standards.

Thank you
